STEVENS-WILSON CO.

MACHINERY OF LEAGUE

EXECUTIVE COUNCIL MADE UP OF DELEGATES FROM VARIOUS NATIONS.

By the Associated Press
PARIS, Feb. 14.—The executive council of the proposed league of nations, as outlined in the covenant to be read by President Wilson before the peace conference today, will consist of representatives of the United States, Great Britain, France, Italy and Japan, together with representatives of four other states. The council shall meet as often as necessary but at least once a year at whatever place designated. Any matter within the league's sphere will be discussed and any matter affecting world peace be dealt with. The president of the United States shall summon the first meeting of the body of delegates and executive council. The league will have a secretariat under direction of a secretary general who shall appoint the other members and shall act in the same capacity at all meetings. Representatives of the contracting parties shall have diplomatic privileges and immunity.

REVENUE BILL GOES TO THE PRESIDENT

WASHINGTON, Feb. 14.—Final legislative action on the war revenue bill levying \$6,000,000 in taxes this year and \$4,000,000,000 yearly thereafter until revised, was taken late today by the Senate. Without a record vote and with but a few scattering "noes" the conference agreement on the measure was adopted as approved last Saturday by the House. After the bill is signed by Vice President Marshall and Speaker Clark it will be sent to the White House for approval by President Wilson, after his return from France about the end of the month.

Only brief debate preceded the Senate vote.

Formal approval of the bill by the President is regarded as assured and Treasury officials already have laid plans for collection of taxes based upon the rates.

BEN WATT IS APPOINTED FISH AND GAME WARDEN

Oklahoma City, Ok., Feb. 14.—Governor Robertson has appointed Ben Watt fish and game warden. It had been known for some time that the appointment would be made. The salary of the Game Warden has been increased by the present legislature from \$1,800 to \$3,000.

The appointment of S. C. Fullerton of Miami to be judge of the new judicial district composed of Nowata county was announced today. The bill providing for the district was passed by the legislature and signed by the governor today.

Sensible Man.
"Is Jibway still staying out late every night while his good wife sits up and waits for him?"
"No."
"You mean he has reformed?"
"Not at all. Jibway stays out as late as ever, but his good wife goes to bed and lets him sleep on the porch if he is unable to negotiate the key-hole with his latch-key."

Cutting Down Gossip.
"How do you suppose some people spent their spare time before motion pictures were invented?"
"I don't like to appear unkind to those persons, but before they started to spending practically all of their leisure moments in photeplay houses they knew a great deal more about their neighbors' private affairs than they do now."

An Exception.
"Misfortunes often bring out the best there is in a man," remarked the philosophic observer.
"Great misfortunes sometimes have that effect," answered the cynical person, "but I have yet to see the man who hasn't a sure cure for bad colds."
—Galveston News.

Makes Them Envious.
"The idea of a rich woman paying \$1,000 for a fur coat!" exclaimed the socialist observer. "That doesn't increase the sum of human happiness."
"You are right, friend," answered a hard-worked married man. "At any rate, it doesn't increase the sum of happiness among women who can't afford to buy \$1,000 coats."

13,000 MEN EN ROUTE HOME FROM FRANCE.

By the Associated Press
WASHINGTON, Feb. 14.—Three transports and the battleships Rhode Island and Virginia have sailed from France with 470 officers and nearly 13,000 men.

Notice to Owners of Chickens.

As gardening time is approaching, several complaints have been made about chickens and other fowls running at large and trespassing upon adjacent premises.

Notice is hereby given that it is a violation of the city ordinance for chickens, ducks, geese, turkeys and other fowls to run at large and hereafter said ordinance will be fully enforced against all who permit their fowls to run at large and trespass upon their neighbor's premises.

Those owning any of such fowls take notice and keep them up.

FAVORABLE TO NORMAL BILL

SENATE COMMITTEE MAKES REPORT ON SENATOR HARRISON'S BILL.

Oklahoma City, Feb. 14, 1919.
Evening News, Ada, Okla.
Senate committee on appropriations recommended Normal building bill favorable.

The above wire from Senator Luther Harrison this afternoon refers to a bill he introduced appropriating \$100,000 for an additional building for the East Central normal. In view of the fact that the Ada school is not provided for as well as the other normals, and the fact that the schools have reached such proportions that it is imperatively needed, there is every reason to believe the appropriation will be made.

NOTES FROM THE WORLD OF SPORTS.

By the Associated Press
KANSAS CITY, Feb. 14.—John Ganzel, manager of the Kansas City club of the American Association, is on the hunt for a catcher to succeed Jack Onslow, who because of the salary offered him, decided to play independent ball. He will manage the Pittsburgh club of the Allegheny Steel League.

Onslow is a baseball man of considerable experience in both college and professional game. He made his professional debut with Dallas, Texas, in 1908. He was with the Detroit Americans in 1910, and later played with the New York Nationals. He came to Kansas City from the Giants last spring.

LOUISVILLE, Ky., Feb. 14.—Dawson Springs, Ky., will be the spring training camp for the Louisville club of the American Association. William Neal, General Manager of the club, said the squad would number about twenty-five. The players will start for the training camp March 26 and will stay fourteen days if weather permits.

MINNEAPOLIS, Minn., Feb. 14.—Letter men of the University of Minnesota football squad will elect a captain for the 1919 season at their annual banquet to be held today. Dr. H. L. Williams, the football coach, will make the presentation of letters. He also will deliver an address. The banquet this year will be open to the university at large for the first time.

IOWA CITY, Ia., Feb. 14.—The University of Iowa, for the first time in many years, has started spring football practice indoors. Veterans of last season, including Capt. Lohman, Smith, Belding, Mockmore and Slater, were among the players out for the first practice.

CHICAGO, Feb. 14.—Charlie White, the Chicago lightweight, having received his discharge after eighteen months of service as a boxing instructor, plans to launch a campaign to land a match with Benny Leonard, the lightweight champion. White's first contest will be with Harvey Thorpe, a Kansas City 125-pounder, in Buffalo, N. Y., February 17th. During the war White was first stationed at Camp Custer and later became boxing instructor at Fort Sheridan.

HARRISON INTRODUCES BILL TO BAR I. W. W.

(Staff Correspondent Ardmoreite)
OKLAHOMA CITY, Feb. 13.—Senator Luther Harrison, who represents one of the counties in which the "Roastin' Ear Rebellion," a "teacup uprising" in opposition to the selective draft law, occurred in 1917, has presented a bill for enactment by the senate which will bar I. W. W. and like agitation from the state. The bill is a duplicate of the Oregon law.

Harrison's proposed law defines criminal syndicalism and sabotage and the definitions are so worded that the machinations of the members of the I. W. W., come within both definitions. Maximum penalties of ten years' imprisonment and fine of \$5,000 are included for violation of the law.

Anyone who advocates "crime, physical violence, arson or destruction of property in effecting industrial ends," comes within the purview of the bill.

The law is so worded as to even preclude the distribution of I. W. W. Pamphlets, songs and literature and it is made unlawful for anyone to rent a building for meetings of such organizations as are barred by the bill.

The Mocking Bird.

The mocking bird is a native of America and the West Indies, and is remarkable for its vocal powers and for its faculty for imitating other birds as well as different sounds which it hears. Its voice is full and musical, and capable of modulation, from the clear tone of the woodthrush to the scream of the eagle.

Notice to Owners of Chickens.

As gardening time is approaching, several complaints have been made about chickens and other fowls running at large and trespassing upon adjacent premises.

Notice is hereby given that it is a violation of the city ordinance for chickens, ducks, geese, turkeys and other fowls to run at large and hereafter said ordinance will be fully enforced against all who permit their fowls to run at large and trespass upon their neighbor's premises.

Those owning any of such fowls take notice and keep them up.

NATIONS MUST STAY IN LINE

LEAGUE OF NATIONS PLAN PROVIDED FOR ARMED FORCE, IF NECESSARY.

By the Associated Press
PARIS, Feb. 14.—Admission of states not signatory to the covenants shall only be with the consent of not less than two-thirds of the states represented in the body of delegates and shall be limited to self-governing countries.

International Justice.
Article sixteen of the draft provides if any party disregards the covenants or inquiry by the executive council in case of disputes it shall be considered as having committed an act of war against the league. In such case the executive council will determine each nation's contribution to the league's armed forces necessary to protect its covenants. Contracting parties shall endeavor to maintain fair conditions of labor for men, women and children and agree to establish as part of the league's organization an international labor bureau. All treaties of international agreements entered into hereafter shall be registered with the secretary general of the executive council and shall not be considered binding until so registered.

Not Ready for Senate Action.

PARIS, Feb. 14.—The plan for a league of nations which President Wilson will take with him to the United States will not be in a condition to permit action by the senate until the treaty of peace is signed.

WAR STAMPS PAYABLE ONLY TO ORIGINAL OWNERS

A. M. Dockery, third assistant postmaster general, has sent out the following:

The following is quoted from a notice issued by the secretary of the treasury:

"My attention has been directed to the numerous offers made by unscrupulous persons through advertisements and in other ways to buy war savings certificate stamps and, as a result of such offers, I am informed that owners of such securities have suffered material losses which would have been avoided by redemption of the war savings stamps at post offices, as provided by law."

"In order that the interests of owners of war savings stamps of either series may be safeguarded, I hereby notify all persons to refrain from offers to buy war savings stamps or accept the same in trade."

In pursuance of the foregoing, postmasters are directed not to pay war savings certificates on which the name of the owners have not been entered or have been erased or changed; since, under the regulations, they are not transferrable, and are payable only to the original owners, except in case of death or disability.

Postmasters are further instructed not to pay any war savings certificates presented by persons or firms known to be buying, or publicly offering to buy, war savings stamps or certificates from the owners, unless positive evidence is submitted that the certificates were originally issued to the persons or firms presenting them for payment.

Advice.

"I want to educate Gwendolin so that she can make me happy for some good man," said the mother.
"All right," replied the father.
"Start in now by helping her to cultivate an aversion to cats, canaries and rubber plants."

Strong Attraction.
"Daubson says that the last time one of his pictures was exhibited a crowd gathered in front of it."
"That's true. An old woman who was employed in the hall had a fit on the floor right under Daubson's masterpiece."

Never Seen Together.
"Is Jack Githers still going with that dashing Miss Peacher?"
"Why, no. Haven't you heard the news?"
"Tell me."
"They are married now."

Hard Pressed.
Ben Brokeleigh—Darling, let us get married at once. I positively can't live another day without you.
Gertie Gotrox—Why, Ben, I had no idea you were that hard up.

Seems So.

"What is the word that is not in the bright lexicon of youth?" asked the forgetful man.
"Work," answered the wealthy father of a tango expert.

The Difference.
Mrs. Gay—I have a knocker on the outside of my door.
Mrs. Grouch—I'll bet it's nothing to compare with the knocker I've got on the inside of mine.

Keep Trouble Yourself.
Life for the vast majority of us is none too carefree. This trouble, or that disappointment, makes our world very cheerless at times; but dwelling upon our problems, elaborating upon our difficulties, or longing to share those unpleasant realities with others, will not aid us one iota. We, each individually, must stand our own ground, and, if we are wise, refuse to be influenced by any unproductive moods.

Let a Want Ad get it for you.

GERMANY WILL DEMOBILIZE ANNOUNCEMENT OF LEAGUE

EBERT SAYS PLANS BEING WORKED OUT. WILL RETAIN CONSCRIPTION.

By the Associated Press
WEIMAR, Feb. 14.—Count Von Bernstorff will not go to the peace conference as a German delegate. Germany plans for the time being a people's army on the basis of general conscription. Germany will announce within a few days her intention to carry out complete disarmament and demobilization and a commission of centrist, democratic and socialist parties are now discussing details of the new government's program. These points are made by Friederich Ebert, the new president of Germany, in a formal conversation with foreign newspapermen today.

A scald, burn or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Price 25c, 50c and \$1.00 per bottle. Sold by Bart Smith.

The Rose's Name.
The name "rose" varies only slightly among different nations. The Romans called it rosa—a form adhered to in Italian, Portuguese, Spanish and Russian. In Polish it is roza. In Dutch roos. In Swedish ros, and in French, German and Danish rose.

ADA TOWN

There has never been such a demand in Ada for houses as now. The city has steadily progressed but houses have not been built fast enough to supply the demand. Many are being built now, but even then the demand will not be filled. Business men are optimistic over the prospects for good times and there is no indication that Ada will drop back.

It will be noted that the threatening talk in Germany about what the Huns will and will not do comes from men who were nowhere near the battle front. The soldiers who faced the guns of the Allies are not saying much. These leaders have evidently forgotten their position and are trying the old mailed fist tactics of the kaiser, but this time no one will be frightened and the Allies are in no mood to take anything off of them.

The Huns shocked the world when they introduced poisonous gas, but we find Huns every day who are just as inhuman. They take a delight in causing pain and nothing is so pleasing to them as to spread vile gossip that causes the victims to writhe under their foul breath. Their mouths are vents from which issues a gas more deadly than any the Germans ever used. They blight lives, and cause joy to flee from others. They wreck and devastate homes and then look gleefully on the havoc they have wrought. Though detested, these Huns are to be found in every community and, strange to say, people are too prone to give heed to their vile tongues.

DARING FEAT OF BRITISH WARSHIP

By the Associated Press
Lawford, Eng., Feb. 14.—The fact that one British warship, penetrated the guard patrol of the German High Seas' Fleet after the battle of Jutland and laid mines to cut off their retreat has just been disclosed.

The information became public through the presentation to a Lawford church of a flag of the warship Abdiel of 1,556 tons and a speed of 40 knots.

The inscription accompanying the flag testifies that the Abdiel "slipped through the redoubled guards of patrols on the night of the battle of Jutland, May 31, June 1, 1916, and laid a great series of mines close to the German coast, blocking the entrance of their retreating ships into the harbor. This dangerous night's work," adds the inscription "was completely carried out and the havoc among the German ships was so great that their crews mutilated and refused to go out again. The white ensign presented to the church was flown by the Abdiel in the Jutland battle."

Say "Nope!" to your Grocerman

Red Cross Ball Blue

In the words of the immortal Josh Billings—"There ain't no such thing as a free lunch." There is positively as good as, or equal to RED CROSS BALL BLUE for producing clothes of such white purity as bring a blush to new fallen snow.

Try It 5 Cents Prove It Everywhere

the harbor. This dangerous night's work," adds the inscription "was completely carried out and the havoc among the German ships was so great that their crews mutilated and refused to go out again. The white ensign presented to the church was flown by the Abdiel in the Jutland battle."

Richards Pearl Fisheries.
Although most of the bays and inlets of the remote island groups of the South Seas have been stripped of their pearls, the natives nevertheless continue to be found occasionally small areas of these waters that have been untouched by pearl divers and which often afford wealth to the explorers. The richest pearl waters in the world are to be found in the picturesque beach town of Pohnpei.

Peculiar "Adornment"
Widows in the Hawaiian Islands, up to very recent years, had the names of their dead husbands tattooed on their tongues. Egyptian women today have their lips painted blue for becomingness. And in Yezo, the northernmost island of the Japanese archipelago, the fashion demands that girls shall greatly enlarge the apparent size of their mouths by a tattooing in red about the lips.

Notice of Sale of Oil and Gas Lease.
State of Oklahoma,
Pontotoc County—ss.

In the County Court Probate 237
In Re: Guardianship of Esther Duffy, a Minor.

Celtic Isle.

The smallest dependency of France is the Ile d'Hoedle, situated at the east of Belle Isle. Its population is 218. The people do not speak French, but Celtic. Fishing is the principal industry, and all the inhabitants are provided with food at an inn managed by the women. The town has no streets, the houses are mostly of mud.

Fruit That Produces Oil.
A fruit containing a large percentage of oil has been discovered in the region of Torreon, Mex., and is known by the name of chichiposte. Experiments show that 25 per cent of its contents consists of oil of great value in industrial pursuits, requiring a lubricant of high quality. It is proposed to introduce the cultivation of this fruit upon a large scale.

Matters Not to Be Discussed.
Of this fact we may all most assuredly: The quieter we keep about ourselves, our affairs, pleasant or otherwise, the better it will be for us. Time is at a premium these days, and if we hope to surmount our difficulties, no matter how trying they may be, we must wisely learn to keep each and every one of those problems in the background.

Monkeys in the Ocean.
There may or may not be such a thing as a sea-serpent, but there certainly are snakes in the ocean. There are numerous varieties of small snakes that live in all oceans; then there are the eels, of course, which go from the salt water to the fresh. In the waters around southern Asia there lives the banded sea snake, which has stripes around its body and broad tail, and can swim with great speed.

Keeping Cut Flowers.
Most kinds of cut flowers will keep for a long time if they are completely immersed in water. Place the blossoms in bowls of water every night, and take them out and rearrange them in the morning. The flowers will often appear as fresh as if they had been newly gathered.—Popular Mechanics Magazine.

Bring in that picture and let me frame it for you.—C. A. Cummins. 1-15-1f

HERE'S QUICK RELIEF FOR YOUR TIRED, STRAINED MUSCLES

When your muscles become tired and swollen and the joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than musky plasters or ointments, acts quickly and does not clog the pores. It does not stain the skin.

For sprains, strains, bruises, "black and blue" spots, Sloan's Liniment reduces the pain and eases the soreness. Certainly fine for rheumatism, stiff neck, sciatica, lame back, toothache. You don't need to rub—it penetrates. Its use is so universal that you'll consider Sloan's Liniment a friend of the whole family. Generous size bottles at druggists everywhere.

INDIANS FIRST TO PRACTICE CAMOUFLAGE

By the Associated Press
CHICAGO, Feb. 14.—"Camouflage is as old as the storm God of Indian folk lore," said Chief Strongheart, who recently returned from France, where he is credited with having done more for the fighting traditions of his race than any other American Indian.

"The Indians were the true inventors of camouflage," said the chief, who will go to his Yakima reservation in Washington state after a brief eastern visit. "They discovered its advantages in their earliest conflicts. When a battle was to take place in a forest in the summer months, the warriors would paint their bodies green, with a dash of other colors to produce the exact blend with surroundings. They even sketched birds and small animals on their bodies to make the effect more realistic. If the battle was to take place when autumn had withered the leaves and touched them into gold, splashes of brown and yellow made the warriors blend with the setting."

"The French were quick to visualize its enormous advantages in the war just closed and promptly carried the art to its peak."

Chief Strongheart was rejected by the army because as a leader of Indian scout sin the service of the United States in Mexico in 1910, he received a shot in the leg in a skirmish with Mexicans. Before being wounded he killed two Mexicans and took seven prisoners.

Realizing his unfitness for military duty, the chief toured America for army recruits. After an address in front of the New York Public Library one day 233 men enlisted. Two hundred more volunteered in New Jersey and Massachusetts. Heading due west from New York, he spoke in large cities for the Liberty Loan and War stamp drives. During his campaigns he wore his native dress, including the headfeathers.

Chief Strongheart said that 18,000 American Indians went to France with the American Expeditionary Force, most of them serving as scouts. He cited an incident where five Indians enabled the Americans to capture 13,000 prisoners.

Running Elk, Strongheart's father, was scout for General O. O. Howard in the Nez Perce war and aid to Colonel Roosevelt in the Spanish-American war; and Strongheart, when a baby, was carried about on the former president's back. His

Stomach Upset?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

SERBIANS REPAIRING RAVAGES OF WAR

Nish, Serbia, Jan. 6.—(Correspondence of the Associated Press)
Three months of unremitting industry, unhampered by Bulgarian and Austrian depredations or interference have enabled the Serbian people to secure a new hold on life. With the country entirely free of invaders, the large peasant population has succeeded in setting things in order in surprising fashion, and conditions should be almost normal soon.

Large quantities of wheat and other staples, which the shrewd Serbian farmers hid from the enemy, have reappeared. At the moment the most pressing needs seem to be clothing, shoes, fuel and agricultural implements.

Apparently there is plenty of money in the country, some of it having come from Austrian and German soldiers, who, it may be said to their credit, paid for most of the articles they took from the Serbians during their occupation. However, the Bulgarians, who requisitioned almost everything they required from the already straitened population, often paid nothing for what they took. In the cities most of the stores have no stocks because they sold almost everything to the Austrians and Germans.

Fortunately the harvest last fall was exceptionally good and there probably will be nothing approaching starvation among the poor this winter. The enemy troops carried off almost every article of value they could lay hands on, but they did not have time, owing to the suddenness of their retreat, to take with them more than 25 percent of the available grain supply. Meat is abundant though high

in price. Before the war it sold for six cents a pound, now it sells for 56 cents. Large numbers of sheep raised in the mountains furnish not only a valuable meat supply but an abundance of wool which has provided the peasants with the only clothing they have had in four years.

Serbia's most vital need is for clothing. Even well-to-do persons are shabbily, or at least, scantily, clad. The Associated Press correspondent observed an army officer of high rank dressed in a shirt made of flour sacks. The little clothing that may be bought is held at prohibitive prices. The ordinary peasant working costume costs \$150, shoes \$50, underwear of poor quality \$25, and thread is priced at \$2 a spool. A consignment of old clothes from the Buffalo, N. Y. chapter of the American Red Cross, valued at home at \$72, was appraised at \$1,500 by a merchant in the Pirot district where the Red Cross is carrying on relief work. The Buffalo supplies were distributed on Christmas Day and brought happiness to many homes.

When the bowels become irregular you are uncomfortable and the longer this condition exists the worse you feel. You can get rid of this misery quickly by using HERBINE. Take a dose on going to bed and see how fine you feel next day. Price 60c. Sold by Bart Smith.

SOLD UNDER

**A POSITIVE
MONEY BACK
GUARANTEE TO GIVE
SATISFACTORY RESULTS with
ANY KIND OF
BAKING**

We don't care what kind of baking powder you are using—we don't care how much you pay for it or how good the results—you'll never know how wholesome and tasty bakings can be until you try Calumet. Nor will you know the meaning of greatest baking economy.

It is more than a claim. It is an incontestable fact. Let us prove it—without risk to you. Let us show you how to secure superior baking results and to save on baking costs. Just ask your grocer to send you a can. Try It. And then if you are not convinced that Calumet serves you better than any baking powder you have ever used—if you are not sure it saves you where inferior powders so frequently cause waste, tell your dealer and he will cheerfully refund purchase price. Order a can today.

Calumet is the product of the largest and finest baking powder factory in existence. Its wonderful excellence has made it the choice of leading Domestic Scientists, eminent Chefs, U.S. Army and Navy and the most popular leavener with America's most particular housewives.

CALUMET

BAKING POWDER

HIGHEST QUALITY "|||||||"**HIGHEST AWARDS**

MAKING HELIUM GAS FOR UNCLE SAM

By the Associated Press
FORT WORTH, Tex., Feb. 14.—The only helium plant in the world is being erected in North Fort Worth by the United States Navy Department.

**ECKMAN'S
Calcerbs**

FOR THROAT AND LUNGS

A Calcium compound that will bring relief in many acute and chronic cases. Provides in handiest form, a basic remedy highly recommended by science. Contains no harmful drugs. Try them today. 50 cents a box, including war tax. For sale by all druggists. Eckman Laboratory, Philadelphia.

ment at a cost of \$300,000. The plant's product is expected to remove the last danger element from ballooning.

Experts declare that production of helium in quantities will soon make it possible for big passenger and freight airships to travel everywhere, and that the airship as a war weapon will surpass even the fleet airplane.

Helium, the material Count Zeppelin needed to make his big airplanes a success, removes the danger of fire from the gas filling in the balloon. American scientists, urged on by the English government, are responsible for the discovery and development of Helium. The natural gas of certain wells at Petrolia, in Clay county, is the best ever found for the extraction of the helium. The products of the wells will be piped to Fort Worth prepared for the balloons and distributed wherever the navy needs it. The government is now building the pipe line at a cost of \$4,000,000.

Helium is said to have approximately 92 per cent of the lifting power

of hydrogen and is non-inflammable. An airship inflated with helium can not be brought down in flames and can maintain speed of an airplane. Heretofore, the gas filled balloon was at the mercy of the quick-acting airplane which could set the balloon blazing with bullets.

When America entered the world war, the British government referred to the United States Bureau of Mines the problem of the industrial production of helium. Such a substitute for hydrogen was known to exist, but its cost was deemed prohibitive.

Funds for experimental work were given to the Bureau of Mines by the Joint Army and Navy Board of Rigid Airships. The experiment plant was erected at a cost of \$250,000. Work progressed quickly and quietly. About the time the armistice was signed, it was decided industrial helium had been produced economically and efficiently at the experimental plant.

Greatest secrecy was exercised by the government in conducting the

experiment here. Soldiers were kept on guard duty day and night; a high fence was thrown up and no one was allowed to approach. Newspapers were cautioned by government officials against mentioning existence of the plant. This injunction was not removed until the armistice was signed. The permanent plant will be in full operation by April 1, according to the announcement of naval officers.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Bart Smith.

A few flowers come like a ray of sunshine to a sick friend.—Ada Greenhouse. 2-6-1f

BULGARIA FACES NUMEROUS PROBLEMS

SOFIA, Jan. 9.—(Correspondence of The Associated Press)—Bulgaria is in the throes of a political crisis which will require the greatest wisdom for its solution. She must liquidate the military and political disaster, and the bad effects of the personal regime of Ferdinand which extended through a period of some twenty-five years. She must restore her standing with her alienated foreign friends, and by wise concessions and reforms forestall the spread of extreme doctrines among a large and somewhat susceptible population. Hearty co-operation of all political parties is evidence of their earnestness to meet the situation wisely.

The country now has a coalition government, the cabinet being composed of men from six different parties. This is the third cabinet change since last June, and each change has seen an increasing number of factions represented in the official family. To an American the popular character of the Bulgarian government is something of a revelation, no less than a dozen different parties being formally represented in Parliament.

Bulgaria has taken precautions against internal troubles through representative and parliamentary discussion rather than in dictatorships, street outbreaks or other forms of social upheaval. The country breathes freer in the absence of Ferdinand, even though it is occupied by Entente troops.

The old Chamber has been retained in office to avoid unnecessary risks and the agitation always attendant upon national elections. Premier Radoslavoff, who was looked upon as Germany's dupe, had at no time more than a bare majority, and that majority consisted of Turks who, in Bulgaria, have equal rights with the Bulgarians.

Since Ferdinand's exit, the good behavior of the people has been in remarkable contrast to the situation prevailing in Russia. This is explained by the assertion that Bulgaria is a virtual democracy and has laid the basis for popular contentment. There is equitable distribution of the land, government ownership of public utilities, legislative control of the executive, uncorrupted courts, and social legislation. Universal suffrage has been enjoyed since the creation of the state, and the people have proportionate representation. There is also the Australian ballot system, and other guarantees of popular

NEAR DEATH FROM INFLUENZA IS SAV- ED BY "IN-HALE-IT"

"In-Hale-It" the wonderful influenza medicine made by Dr. Doan of Miami, Okla., has added another life to those who have been saved by this preparation. A patient had been coughing blood and was considered hopeless. "In-Hale-It" was used and today the patient is recovering. If there is influenza or a bad cold in your family, get a bottle of "In-Hale-It." Let the patient inhale the odor or vapor deep into the lungs. Almost instantly the pain will cease. Repeat this several times a day. Don't be afraid of inhaling too much. If the patient falls asleep under the influence of this vapor it is an excellent sign. "In-Hale-It" is harmless if spilled in the mouth or nose passage. In cases of a bad cold, which sometimes develops into influenza, "In-Hale-It" will clear the head and lungs almost instantly.

"In-Hale-It" has been in use for thirty years and has cured and prevented many cases of pneumonia. It is absolutely guaranteed or money refunded. All good druggists sell it at 50c. If your druggist is out send 60c to Doan's Pharmacy and get a bottle by mail. Have it handy for an emergency.

Sold in Ada by Gwin & Mays Drug Co. and M. A. Waits.

Presbyterian Announcement.
The First Presbyterian church will hold a congregational meeting at the church immediately following the morning service next Sunday. Business of importance will be considered and it is urged that every member be present at that time.

HOW THIS LITTLE BOY

Recovered Strength After Sickness.

Garrett, Texas.—"The measles left my little boy aged nine years in a very weak, run down condition—he coughed a good deal and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."—Mrs. E. A. Wright.

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose. Gwin & Mays Drug Co., and Druggists everywhere.

P. S.—For children's Eczema, Saxol Salve is guaranteed truly wonderful.

THE MEETING OF THE GREAT

By C. V. DUNN.

"Twas one strange hour, still unexplained by man,
(Such hours have been but few)
When, unannounced, and in a lonely spot,
Met fortune's children true.

Around that spot, scarce heard the woodman's axe,
Tall trees swayed to and fro;
Hard by, among the rocks, a bubbling spring,
Whose voice was sweet and low.

At Fortune's call, his children gathered round;
First, clear-eyed Genius came;
Then, gentle, meek and mild, the next-born child,
Simplicity by name;
Next came, with swiftness stride, strong Industry;
Firm Purpose followed fast;
Then gentle Sympathy and Honor true;
Long waiting Patience last.

Thus Fortune spoke, in firm and serious mien:
"My faithful children all,
Before this generation all shall pass
There'll come upon this ball
A mighty conflict fraught with issues great.
'Tis Freedom's test of power.
For this, prepare. You have not failed the past.
Fail not this coming hour."

At Fortune's speech, dread Silence reigned supreme.
Bowed low, in thought, each head,
When, unobserved, commanding Genius rose,
And to his brothers said:
"In that great hour, when questions hard to solve,
Will try the greatest brain,
I vow to do my part. I shall be there,
From duty not refrain."

When Genius ceased, Simplicity arose:
"In that same hour, when men
From every walk of life, both high and low,
From hillside, vale and glen,
Respond to Freedom's call, and form in line,
Truth's foe to put to flight,
I vow my presence then. With common men
I'll stand for God and right."

Then up and spoke strong, stalwart Industry,
In accents filled with power:
"In that same awful time, when morning's dawn,
And noontime's blazing hour,
And evening's twilight, closing soft the day,
And midnight's gentle stroke,
Demand unceasing toil, I shall be there,
Till cease the battle smoke."

Firm Purpose, then, with well-set jaw, thus spoke,
With no uncertain sound:
"In those same troublous times, when minds and hearts
Of men turn round and round,
And tossed, like ships, on waves of ocean high,
And great reverses come,
I swear my presence I shall grant, and vow
My lips shall not be dumb."

Deep silence then ensued. Each breathless sat
In meditation deep.
It broke when kind-faced Sympathy arose
And sobbed: "I can but weep,
As looking down the years, I hear the groans
Of wounded, dying men;
Of broken hearts and homes. Comrades, I vow
I'll not forsake you then."

Then Honor, open-faced, looked in the eyes
Of all then gathered round.
His heart was stirred. In accents clear he said:
"Midst cannon's awful sound,
When brother to his brother proves untrue,
And friend proves false to friend,
My help I pledge you on my simple word;
The truth I shall defend."

Another dreadful pause. Then, last of all,
Calm Patience slowly rose,
And every eye on him was firmly fixed.
"What will he say to close?"
"True comrades, all," he said, with steady voice,
"That dread hour, grim with hate,
Amidst war's ebb and flow, I'll be on deck
The mighty ship of state."

A moment's pause. Then all as one arose,
And Fortune bade them greet
Each other. And as they noiseless moved,
In holy concord sweet,
Sir Fortune waved his wand. As fades each day
They faded with a bow.
And lo! one form appeared. And Fortune wrote
"A. Lincoln" on his brow.

To The Woman Who Understands

SAYS Dr. Frank Crane, who has the gift of speaking our unspoken thoughts: "A woman's specialty is understanding. That is, understanding men. A woman gets to know you, by and by, better than you know yourself. Back of every man, there stands, somewhere, the woman who understands."

THIS advertisement is addressed to The Woman Who Understands; who understands that a man sometimes doesn't understand that Smartness and Success live in the same block; who understands when and how to sow the seed of "spruce-up!" in a man's mind; who understands that cotton may go by the name of wool, but knows that it won't get by with him, if she has anything to say about it; who understands linings and seams and buttonholes and matching of colors; who will understand, and can tactfully guide a man to an understanding of the finer points of a Kuppenheimer Suit or Overcoat, from its well-cut lines to its well-wearing linings; who is ready to accompany him to The Model Shop to look and listen and counsel.

WE invite The Woman Who Understands and The Man Who Understands to meet The Merchant Who Understands the points-of-view of them both.

MISS WORTHY'S RECOVERY SETS THE TOWN TALKING

Remarkable New Medicine, Irogen, Ends Suffering of Years' Standing After Everything Else Had Failed and Ozark Woman is Now Well and Happy—Has Gained 19 Pounds.

"I only wish I could talk to every suffering person in the country and tell them face to face the remarkable way Irogen has ended all my miserable suffering and made a healthy, happy woman of me after everything else failed to bring any relief," declared Miss Nettie Worthy, one of the best loved women of the thriving little town of

Ozark, Ala., recently when talking about the wonderful new medicine that is causing such a sensation throughout the country.

Miss Worthy has lived in Florida at the various resorts for many winters and is well known by thousands of tourists from every part of the United States. She is a woman of culture and refinement, and only her deep sense of duty and desire to aid her fellow sufferers prompts her to make the following remarkable statement:

"For twenty-two years," continued Miss Worthy, I have been engaged in the millinery business, and oftentimes had to work from twelve to fourteen hours a day. Too close confinement and overwork finally caused nervous indigestion, and I rapidly began to go downhill. I had no appetite, and what little I did force down caused gas to form and made me suffer misery. My nerves were all to pieces and my circulation was so bad that sometimes my heart would skip and palpitate until I was almost frightened to death.

"I dragged along for several winters, dosing up and depending on doctors to keep me going through the busy season, and then I would have to give up and go to bed. Finally, about a year ago, I had a complete breakdown. I was in bed, hardly able to move for four long months, and on top of all my other troubles I developed Riggs' disease in my gums. This poisoned my whole system and I was told I could never work or do anything again.

"I tried every kind of treatment and doctors, and even went to Atlanta to see a specialist, but nothing did me any good, and I finally came back to Ozark, worse than when I went away. Honestly, I couldn't sit up more than three hours a day, and even the lightest diet would upset my stomach so I could hardly stand it.

surance board, but adversely on the bill by Mr. Cone providing for the organization of co-operative associations.

The Senate did not resume its consideration of the workmen's compensation bill.

Wireless Service in China.

Last month a contract was signed by the Marconi Wireless Telegraph Company and the Ministry of Communication of China to supply China with three wireless telegraph stations to be installed at Kahrgrar, Urumchi and Lanchow-fu. The equipment will be specially designed so that the weight of the heaviest piece will not exceed 300 pounds, thus overcoming the difficulties of inland transportation in China. The stations, when completed, will far exceed the power and range of transmission of any other station in China, and, according to the Japan Advertiser, as a purely commercial telegraph circuit

over land, will exceed in length any other in the world. The system will be installed under the supervision of a British engineer. The junior engineers will be chosen from the services of the Chinese Government. A feature of the contract is that no loan is provided for, although an advance to cover the cost of erection will be made by the company. These funds will be disbursed under the supervision of the British engineer.—Japan Society.

Versatile Nut Tree.

In addition to nuts used in confectionery the Indian cashew tree yields an insect-repelling gum, a juice that makes an indelible ink and three kinds of oil, one edible and the others used to tan fishing-nets and preserve wood.

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"I Feel Like Going From House to House and Telling Everybody About It," Says A. J. Livingston—People From All Walks of Life Praise Medicine That Has Helped Them.

"I just feel like going from house to house and telling the people about Tanlac."—A. J. Livingston, Ashland City, Tennessee.

"This is really the first medicine I have ever taken that does what they say it will do."—J. F. Holley, Lexington, Ky.

"I would not take one thousand dollars for what this wonderful medicine, Tanlac, has done for me."—Mrs. Hattie Lutes, Lexington, Ky.

"We have sold 1,180 bottles of Tanlac and have never had a dissatisfied customer."—Smiser Drug Co., Columbia, Tennessee.

"For two years before taking Tanlac I had rheumatism so bad I couldn't raise my left hand to my head. I now feel like a new man."—J. B. Woodward, Lexington, Ky.

"I feel so good after taking Tanlac that I told my hands the other day I believed I could beat any of them shucking corn. I meant it, and believe I could have beat 'em all."—J. A. White, R. F. D., Lexington, Ky.

"In my thirty years of active practice as a physician I have never seen anything to equal Tanlac as a medicine to produce results."—Dr. J. T. Edwards, Fayetteville, Ga.

"I would certainly like to shake the hand of the man who discovered Tanlac, and tell him the good it has done my wife."—R. L. Winter, Macon, Georgia.

"I wouldn't take a hundred acres of the best land in Georgia for the good Tanlac has done me."—Z. T. Moody, Greensboro, Ga.

"This medicine is worth its weight in gold, and if the price was fifty dollars a bottle instead of one dollar I would buy it just the same if I had the money."—Robert Young, Knoxville, Tenn.

"Four bottles of Tanlac helped me more than fifteen years of medical treatment that cost me an average of \$100 a year."—E. B. Hall, Fountain City, Tenn.

"Money couldn't buy the good this Tanlac has done for me."—Ex-Sheriff Archie Anderson, Houston, Texas.

"Tanlac has certainly helped me and I recommend it to others for the good it has done me."—Ex-Sheriff C. W. Mangum, Atlanta, Ga.

"I would spend the last dollar I had on earth for Tanlac; I have gained nine and a half pounds on one bottle and feel just like a new man."—J. T. Andrews.

"If the people of this town only knew the good Tanlac did me, you wouldn't be able to make it fast enough to supply the demand."—Mrs. Mattie C. Bond, Memphis, Tenn.

"Yes, sir, I gained twenty-five pounds by taking Tanlac, and it has been a long time since I felt as well as I do now."—Capt. Jeff D. Riggs, Vicksburg, Miss.

"Before I took Tanlac I would gladly have given a thousand dollars to have been able to eat the supper I've just finished."—John Farrell, Nashville, Tenn.

Tanlac is sold in Ada by Gwin & Mays Drug Co. (Adv.)

FRENCH SACRIFICE FOR LIBERTY HEROIC

Six millions of French sons have offered their lives that democracy might live. 30 million other French men and women sacrificed their all for the same purpose. America's debt of gratitude to France for this is very great. We also are indebted to her for an invaluable remedy for stomach, liver and intestinal ailments discovered by her peasants, which it is reported has saved many American lives and prevented many surgical operations. Geo. H. Mayr, for many years a prominent Chicago chemist, imports the ingredients and sells this remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists everywhere. (Adv.)

Help and Hope.

Enlarge your vision and grasp of worldly affairs by silent communion with the infinity of the star-strewn universe—you will find the heartache of life's disappointments, the ephemeral glitter and tinsel that seem so essential to your happiness, are but passing phases of an existence to be dealt with calmly and intelligently, and that cannot be done wisely and well if one eternally grovels in the clay of earth without moments of silent vision and the starry solitudes of thought.
